DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The Examiner submits a clarification to the record for the instant application:

The Notice of Allowance mailed April 6, 2010 includes a drawing objection, in which the Applicant was asked to submit replacement sheets to comply with the drawings objection as presented in the office action having paper number 20060609.

However, it is noted that Applicant canceled drawing Figs. 7-29 and deleted their reference from the specification via a specification amendment in the after-final amendment submitted on March 21, 2007. This after final amendment was entered.

Therefore, Applicant is NOT required to submit further drawing corrections. The drawing objection on the Notice of Allowance is hereby withdrawn as being moot in view of Applicant's amendment of March 21, 2007.

Applicant is not required to respond to this communication. As of June 25, 2010, Applicant appears to have filed the necessary issue fee, therefore, the application appears to be in condition for issuance.
